

THE ARIZONA REPUBLICAN.

ISSUED EVERY DAY IN THE YEAR

THE REPUBLICAN PUBLISHING COMPANY.

Entered at the postoffice at Phoenix, Arizona as mail matter of the second class.

THE REPUBLICAN has its own SPECIAL WRITER connecting its office direct with San Francisco and Chicago, and through these cities with all the great news centers of the world. Besides the Associated Press report it receives more special dispatches every day than any paper west of St. Louis, outside of San Francisco.

THE battle is fought.
SCATCHING WAS HEAVY.

How do you feel after the fray?
LOOK TO THE REPUBLICAN for election news.

Put politics aside and buckle in to work.

THE agony is at last over, and now for business.
HALF the people wonder how it happened; the other half say, "I told you so."

A. J. DORRAN will occupy a seat in the next Territorial Council from Pinal county. There is no doubt of his election.

THE REPUBLICAN'S bulletined reports of the election returns as they came pouring in by telegraph were much appreciated.

RETURNS up to a late hour show that John B. Montgomery is unquestionably elected sheriff of Maricopa county by a good majority. In nearly every precinct of the county yet heard from he has the advantage of Webb.

PETER BRADY is undoubtedly beaten for Joint Councilman. W. F. Nicholls got quite a good vote in Brady's home town, Florence, and in Cochise county may expect to receive a majority that will send him far ahead of his opponent.

ELECTIONS were held in most of the States of the Union yesterday. In the telegraphic columns of THE REPUBLICAN will be found full returns up to 3:30 o'clock this morning. They are necessarily incomplete, for returns are not yet filed from many of the outlying precincts.

THE REPUBLICAN would respectfully suggest to a number of Territorial contemporaries that there is no use in putting news into type if the paper is to be so badly printed that no one can read it. Good press work is easy to get; if your pressman can't do the work get another man in his place.

ARIZONA has just passed through what was without doubt the most vigorous campaign ever known within her borders. If THE REPUBLICAN has struck any telling blows upon the opposition we are satisfied, and will turn back to the task of printing all the news and developing the resources of the Territory.

News from the East is not of a particularly encouraging cast, viewed from the incomplete returns published on the first page of THE REPUBLICAN. The free traders seem to be gaining. Yet McKinley, in spite of the gerrymandered district, is doing nobly and stands an excellent show for reelection.

SEVERAL contemporaries, who evidently never had either "Baron Munchausen" or "Gulliver's Travels" in their libraries, are reprinting rehearsed versions of the tales contained in those works. Their refreshing simplicity and evident keen appreciation of the jokes leads one to remember the adage "There's nothing new under the sun."

ANOTHER railroad wreck is reported from the East, caused by the carelessness of a boy operator. This is the second within about a month's time. There should be a law to prohibit grasping railroad companies from entrusting the lives of hundreds of passengers to lads who should not be out of school and whose only qualification in the eyes of the company is that they work for beggarly wages.

RUGS rule in the supervisors' office is surely overthrown. From the last reports, Priest and Kirkland are ahead in the race. Hakes trailing along some distance in the rear. For this victory, if none other were given to them, the Republicans of Maricopa are grateful and well satisfied. They have fought a hard fight for economy in county government and for a worthy administration of the sheriff's office, and have won.

RETURNS, though very incomplete, are encouraging for the election of George W. Chenevix to the office of Delegate to Congress by a good majority. The known Democratic communities are polling a light vote against him and from the sections where he is best known may be expected a staunch endorsement of his candidacy that will place him in the office he would so well fill.

FOLLOWING is the registered vote of each of the counties in the Territory. The vote polled will, of course, be somewhat less:

Yavapai	8194
Maricopa	12466
Cochise	1603
Pima	1000
Graham	1207
Gila	820
Apache (approximate)	800
Pinal	746
Mohave	562
Yuma	303
Total	18,777

CLAIMED BY THE CHURCH.

Decision Rendered Against a Catholic Claim for a Government Reservation.
TACOMA, November 4.—In the United States District Court today Judge Hanford rendered an opinion in a suit brought by the Catholic bishop of Seattle to obtain title to 434 acres of land occupied as a military reservation by the United States government at Vancouver, Wash.

The claim brought by plaintiff is based upon the establishment of a mission at Vancouver, with the consent of the Hudson Bay company. The property is now estimated to be worth from \$500,000 to \$1,000,000.

The court holds the claim of the United States government to the land as a reservation is prior in time, and for that reason, if for no other, superior in equity to that of the plaintiff. An appeal has been taken to the United States Supreme Court.

TREASURY FUNDS.

Increase of Bank Deposits for Disbursing Officers Uses.
WASHINGTON, November 4.—The president of the Revere National Bank, of Boston, wrote Secretary Windom the other day, calling attention to the fact that the published statement of money deposited with the national banks on October 31, showed increased deposits of \$57,000,600 since October 15, and asking if the department is increasing deposits.

The secretary replies the apparent increase is funds placed in the bank since October 15, subject to checks of United States disbursing officers. Instead of increasing deposits with the banks, the department is withdrawing them as fast as it can, without injury to the commercial interests of the country.

PLEADING FOR BURCHELL.

English and Welsh Petitioners Seeking a Commutation Sentence.

OTTAWA, November 4.—Petitions from Great Britain for reprieve of Burchell have been received at the Department of Justice. They are signed by persons from all parts of England and Wales and bear 1000 signatures.

The main grounds upon which the commutation is asked are that the case was unduly prejudiced by the dishonest practices of Burchell and by the supposed motives and a suspicion of the existence of a system of deceiving young gentlemen to Canada as agricultural pupils for the purpose of murdering them for money; that the whole evidence on the part of the prosecution was circumstantial and, in the opinion of the memorialists, so unsatisfactory as not to justify conviction.

A BLUNDERING CIRCULAR.

The Union Pacific Discriminating Only in Favor of the Northwestern.

CHICAGO, November 4.—It was announced today that the circular issued Saturday by the Union Pacific excluding all lines, except the Northwestern, from participation in joint billing arrangements, was a mistake and it was not the intention to discontinue arrangements with any roads except those competing with the Northwestern at Council Bluffs and Omaha. The only rationale, therefore, is with the Burlington, Rock Island and St. Paul roads. Who is responsible for the blunder is not stated.

SPANISH PROTECTIONISTS.

Probable Enactment of Strong Tariff Measures by the Government.

MADRID, November 4.—The proceedings of the tariff commission, whose sittings have just ended, have been of the most marked protectionist character. Recognized free traders even tacitly accepted the proposals of the commission. Señor Morel, president of the commission, a staunch free trader, disappointed his friends by his attitude. The heavy duty which it is proposed to place on imported coal and imported iron and copper ore, it is asserted, will prove disastrous to the trade of the country if the measure becomes a law.

Collision in West Oakland.

SAN FRANCISCO, November 4.—A Central Pacific freight train collided with an Oregon freight in West Oakland today and the engine of the latter was smashed and thirteen cars piled in a heap. A caboose was set on fire but the flames were prevented from extending to the wreck by the intervention of two cars loaded with ice. Wrecking trains soon cleared the track. There was fortunately no loss of life.

Clever Escape from Jail.

BOONVILLE, Mo., November 4.—John C. Yurilington, a noted desperado and train robber, under sentence of death for the murder of ex-Sheriff Cranmer, who has been confined here in a county jail for the past six months, effected his escape last night by placing a dummy in his bed and hiding in the deputy sheriff's room until a favorable opportunity offered.

Fighting in Armenia.

CONSTANTINOPLE, November 4.—An encounter has occurred between Turkish troops and armed Armenians near Erzeroum, in Armenia. Seven soldiers were killed and fifteen wounded. Acting under orders issued by the Sultan, the Governor of Erzeroum has summoned all Moslems to the mosques and called upon them to treat Christians with respect.

French Financial News.

PARIS, November 4.—The budget committee has rejected the government proposal to advance a loan of 60,000,000 francs to the Tonquin protectorate for public works and railways. The minister of agriculture reports the beet root crop fairly good and the complaints of sugar manufacturers exaggerated.

Fought It Out With Knives.

CHICAGO, November 4.—Frank Hogan and John McCarthy quarreled last night at a dance on Milwaukee avenue, over a girl. They adjourned to the sidewalk and fought the matter out with knives, Hogan being disemboweled, while McCarthy was only slightly wounded. Hogan will die.

Silver Coinage.

WASHINGTON, November 4.—The issue of standard silver dollars from the mint during the week ending November 1 was \$848,313. The issue for the corresponding period of last year was \$815,593. Shipments of fractional silver coin during October amounted to \$1,539,589.

Trans-Siberian Railway.

ST. PETERSBURG, November 4.—The government has decided to commence work on the trans-Siberian railway without delay, using at first the best known sources of the treasury and afterwards raising an internal loan for the purpose.
